

I found my answer at BLK...

Excellent hospital since I had Surgery  
fistula good treatment by Dr. K. D. Srinivasan  
and his team 100% removal that time  
and anyone to be not recurrence in future  
Very cooperative staff even after Post Surgery  
they take care to me as a family member  
I wish this hospital will lead to  
Appollon and Medanta in Delhi / NCR  
best hospital in Country.
