

I found my answer at BLK...

From before we even arrived at BLK we were impressed with the attention to our medical needs. We had sent our medical documents via email and had a response from BLK. We arrived at BLK on a Thursday night, after they collected us from the airport. Tests were carried out on Friday. A heart bypass operation was performed on the Saturday. The following Saturday I was discharged, feeling fit and happy! I could not believe it took just one week from the operation to recovery!

Thank you to Dr Kaul and team. To all the nurses, all the attendants, all the BLK staff, security guards and International Patient administration team.

We are going back to Zimbabwe with health and happiness.

You ALL saved my life. (There is not enough space on this page to adequately say how much we appreciate everything you have all done.)

Name: Ryan Smith

Age: City of Residence: Zimbabwe

MRD No: Date: 07/03/15

Procedure:

Doctor Name: Dr. Aray Kaul
