

## I found my answer at BLK...

Dear Dr Palka Madam,

It give us a great joyous & proud feelings while writing this letter/appreciation for you as the Parent of Ms. Pearl MRD 403538. Our baby was admitted into emergency on 15/11/2015 & was shifted to PICU and remained there till 03/12/2015 after exhaustive ECMO & ventilator exposure, it was a very tough situation for us as our baby of not having good neurological status, you came in for her on the reference of Dr. Rachna Madam & did a wonderful & marvelous job & put in so much of efforts on her then now as on date i.e. 23/01/2016 our baby is back to normal, it is just because of yours & Dr. Rachna Mam effort & guidance that a dream has come true for us.  
THANK you very much.

Dr. Ankit
