

I found my answer at BLK

I consider myself very fortunate to have decided to get my surgery done at BLK in the ~~hands~~ hands of very efficient, competent and affectionate doctors like Dr Deep Goel, Dr V P Bhalra, Dr Valscha and Dr Amit Singal. All of them let me feel at home and with smile and in most cordial manner. The nursing staff namely sisters Suscha, Mary and their team of sisters Jini George, Jiji and Seenu are indeed very prompt, efficient and devoted to their profession. Their dedication is commendable.

Not that one would like to keep coming to a hospital but if ever need be I would certainly prefer BLK with such proficient and dedicated doctors and nursing staff. I have had chance of being treated at various hospitals but have found BLK as one of the best administered and efficient hospitals.

^{highest standards of administration}
& dedication, competence and cordiality of the doctors and nursing staff is worth emulating by other hospitals.
