

I found my answer at BLK...

Dear Sir / Madam,

This is Laxmi Sharma, Scientist, ICAR-CRIJAF, Barrackpore. I thank **Dr Poonam Khera** and her team Labour room for excellent care. I came from Almora, Uttarakhand to your hospital on 19th March, 2016 in a very critical condition as my amniotic fluid came out at 28 weeks of pregnancy and I had to travel from Amora, Uttarakhand to Delhi. With doctor's support and effort, I could deliver a baby girl on 24th March, 2016. I am extremely thankful to **Dr. Ankur** and his team NICU (especially **Mrs. Anju** and **Mrs. Sunita**) for super excellent care taken during her stay at NICU for 47 days.

Of course, I am late to give a feedback but these doctors really gave us the reason to live. My daughter is now 9 months old and she is developing normally.

Thank you Doctors and thank you team_BLK Hospital.

Regards

Laxmi
