

*I found my answer at BLK...*

**Monday, June 19, 2017**

Staff is very professional and helpful especially housekeeping lady in charge have a great teamwork and coordination with others and her staff understand the needs of patient with lots of experience I understand at this hospital would be on top after having this kind of staff also doctors are highly experienced and cooperative nurses my father got healed very quickly as he is admitted for surgery and he is very happy with the care given by staff and I am also becoming the fan of the BLK.

I will recommend to my staff and relative to show the courtesy and Great team work in this hospital and also try to give some recommends to others for a great and quick healing.

Thanks
