

I found my answer at BLK...

My father ~~was~~ <sup>has</sup> ~~had~~ undergone treatment for gall bladder stones from Dr Deep Goel. The first meeting with Dr was so satisfied we got the operation done on 24/2/14. The treatment and post operative care was flawless. My Gratitude to Dr Deep Goel for treating my father. I am also Grateful to the nursing staff for the help and care extended specially to Sister AANCHAL + CEUNA.

I am also grateful to Pooja Sethi for helping completing the discharge formalities so effortlessly.

may God bless BLK Hospital
